Tupalo presentation for students

Geo entities in a social location based service

26 May 2011, 4–5 pm
Seminar room 126 (Cartography)
1040 Vienna, Gußhausstraße 30, 1st floor

Tupalo, an Austrian start-up company in the fields of Web 2.0 and location-based services will give a short presentation for interested students to

- inform about the Tupalo project
- show Tupalo's interest in location-based services

After the presentation there will be time for discussion and you can get in direct contact with Tupalo representatives.

No registration required.
